Sect. 926B-926C (“LEOSA”) to increase public safety by (1) establishing parity between state and local law enforcement officers (“LEO’s”) and their federal counterparts who can carry nationwide, (2) providing an additional unpaid homeland security force of active and retired LEOs who may carry firearms nationwide, and (3) enabling active and retired LEOs to defend themselves, their families, and others against criminals and terrorists; and;

WHEREAS, in accordance with 18 U.S.C. Sect. 926B, over 700,000 qualified federal, state, and local active LEOs from around the nation are authorized to carry any firearm concealed nationwide and within New York, subject to certain limitations, notwithstanding state laws to the contrary; and

WHEREAS, in accordance with 18 U.S.C. Sect. 926C, qualified and certified federal, state, and local retired LEO's are authorized to carry any firearm concealed nationwide and within New York, subject to certain limitations, notwithstanding state laws to the contrary; and

WHEREAS, retired LEOs can either be qualified and certified for nationwide concealed carry by the government agency they retired from or by the state in which they reside. The states which have established certification programs include Arizona, Connecticut, Delaware, Florida, Hawaii, Illinois, Kentucky, Maryland, Massachusetts, Michigan, Missouri, Nevada, New Jersey, Virginia, and Washington; and

WHEREAS, New York State has not established a certification program for retired LEOs residing here, so some law enforcement agencies have established programs from their own retired LEOs. **TOWN BOARD - Town Procurement Policy**

A motion was made by Councilman White and seconded by Councilman Finn to approve the following resolution:

**RESOLUTION REGARDING TOWN PROCUREMENT POLICY**

WHEREAS, the Town Board for the Town of Stony Point wishes by Resolution to adopt policies and procedures regarding the procurement of goods and services which are not required to be made pursuant to the competitive bidding requirements of state laws; and

WHEREAS, the Procurement Policy shall pursuant to Town Law Section 104-b(2)(f) shall be updated biennially concerning the individual or individuals responsible for purchasing and their respective titles; and

WHEREAS, the individuals responsible for purchasing is the Department heads for each Department and the assistant to the Supervisor for all Town Board requirements whose names are attached to this Resolution; and

WHEREAS, the Procurement Policy of the Town shall be set forth in detail and shall be reviewed annually pursuant to Town Law Section 104-b(4).

NOW, THEREFORE, it is resolved as follows:

1. **Adoption; applicability.** The Town of Stony Point, New York does hereby adopt the following procurement policy which is intended to apply to all goods and services which are not required by law to be publicly bid.
2. **Determination of purchase.** Every purchase made will be initially reviewed to determine whether it is a purchase contract or a public works contract. Once that determination is made, a good-faith effort will be made to determine whether it is known or can reasonably be expected that the aggregate amount to be spent on the item of supply or service is not subject to competitive bidding, taking into account past purchases and the aggregate amount to be spent in a year. As a general guide, items of work of the same or similar nature which are customarily handled by the

same vendors or contractors should be treated as single items for purposes of determining whether the dollar threshold will be exceeded.

3. **Purchases not subject to competitive bidding.** The following items are not subject to competitive bidding pursuant to § 103 of the General Municipal Law:

- A. Purchase contracts under \$10,000 and public works contracts under \$30,000.
- B. Emergency purchases.
- C. Goods purchased from correctional institutions or agencies for the blind or severely handicapped.
- D. Purchases under state and county contracts.
- E. Surplus and secondhand purchases from another governmental entity.
- F. Items which may only be purchased from one source.
- G. Goods purchased at auction.
- H. Professional Services.
- I. True Leases.

4. **Documentation of decision regarding bidding.** The decision that a purchase is not subject to competitive bidding will be documented, in writing. This documentation may include written or verbal quotes from vendors, a memo from the purchaser indicating how the decision was arrived at, a copy of the contract indicating the source which makes the item or service exempt, a memo from the purchaser detailing the circumstances which led to an emergency purchase or any other written documentation that is appropriate.

5. **Purchase to be at lowest price and responsible provider.** All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations, or any other method that assures that goods will be purchased at the lowest price and responsible provider.

6. **Methods of purchase.**

A. The following method of purchase will be used when required by this policy in order to achieve the highest savings:

<b>Estimated Amount of Purchase Contract</b>	<b>Method</b>
\$250 to \$2,999	2 verbal quotations
\$3,000 to \$9,999	3 written/FAX quotations or written request for proposals

<b>Estimated Amount of Public Works Contract</b>	<b>Method</b>
\$250 to \$2,999	2 verbal quotations
\$3,000 to \$4,999	2 written/FAX quotations
\$5,000 to \$19,999	3 written/FAX quotations or written request for proposals

B. A good-faith effort shall be made to obtain the required number of proposals or quotations. If the purchaser is unable to obtain the required number of proposals or quotations, the purchaser will document the attempt made at obtaining the proposals. In no event shall the failure to obtain the proposals be a bar to the procurement.

7. **Documentation required.**

- A. Documentation is required for each action taken in connection with each procurement.
- B. Documentation and an explanation is required whenever a contract is awarded to other than the lowest responsible offeror. This documentation will include an explanation of how the award will achieve savings and/or why it is in the best

interests of the Town and its taxpayers to make an award to other than the low bidder and/or how the offeror was not responsible. A determination that the offeror is not responsible shall be made by the purchaser and may be reviewed by the Town Board.

- C. A Request for Proposal may be restricted within the Town or county, provided that it does not violate this Policy. In the event that a Request for Proposal will contain such a geographic restriction the purchaser shall document the manner in which it does not violate this Policy.

8. **Alternative proposals not required.**

Pursuant to General Municipal Law § 104-b, Subdivision 2f, a procurement policy may contain circumstances when, or types of procurements for which, in the sole discretion of the Town Board, the solicitation of alternative proposals or quotations will not be in the best interest of the municipality. In the following circumstances it may not be in the best interests of the Town of Stony Point to solicit quotations or document the basis for not accepting the lowest bid:

- A. Professional services or services requiring special or technical skill, training or expertise.

(1) The individual or company must be chosen based on accountability, reliability, responsibility, skill, education and training, judgment, integrity and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price, and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures. In determining whether a service fits into this category, the Town Board shall take into consideration the following guidelines:

- (a) Whether the services are subject to state licensing or testing requirements.
- (b) Whether substantial formal education or training or successful experience is a necessary prerequisite to the performance of the services.
- (c) Whether the services require a personal relationship between the individual and municipal officials.

(2) Professional shall include but not be limited to the following: services of an attorney; services of a physician; services of an engineer engaged to prepare plans, maps and estimates; securing insurance coverage and/or services of an insurance broker; services of a certified public accountant; investment management services; economic development; professional; printing services involving extensive writing, editing or art work; management of municipally owned property; and computer software or programming services for customized programs or services involved in substantial modification and customizing of prepackaged software.

(3) The Town by and through the Town Board may, at its discretion, require that the professional provide the following:

- (a) A completed acquisition form submitted to the department head which provides a request for work to be performed, including hours to be spent, description of work to be performed and projected cost.
- (b) The Town shall have the option of obtaining additional quoted for the services to be provided and may accept a lower quote.
- (c) In the event that the cost of services to be provided shall exceed the amounts specified on the acquisition form the professional shall submit an extension request form to the Town Board for approval prior to expending additional materials or services in excess of the amount specified in the original acquisition form.
- (d) Prior to payment the professional shall submit the following:
  - [1] Complete description of work performed;
  - [2] Where appropriate, hours for each item with appropriate rate charged; and
  - [3] Copy of approved acquisition form signed by any appropriate department head together with any signed extension forms for sums due in addition to the amounts set forth in the original acquisition form.

- B. Emergency purchases pursuant to § 103, Subdivision 4, of the General Municipal Law. Due to the nature of this exception, these goods or services must be purchased immediately, and a delay in order to seek alternate proposals may threaten the life, health, safety or welfare of the residents. This subsection does not preclude alternate proposals, if time permits.
  - C. Purchases of surplus and secondhand goods from any source. If alternate proposals are required, the Town is precluded from purchasing surplus and secondhand goods at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods, and a lower price may indicate an older product.
  - D. Goods or services under \$250. The time and documentation required to purchase through this policy may be more costly than the item itself and would therefore not be in the best interests of the taxpayer. In addition it is not likely that such small contracts would be awarded based on favoritism.
9. **Effective date; annual review.** This policy shall go into effect February 3, 2010, and will be reviewed annually.

**NAMES OF INDIVIDUALS RESPONSIBLE FOR PURCHASING  
PURSUANT TO THIS TOWN PROCUREMENT POLICY**
